

Numerical Programming: Test 2

Name:

ID:

Instruction for Programming Test

Warning:

- **TURN OFF** your smart phone and tablet PC.
- **TURN OFF** kakaotalk and other messengers on your PC
- You can only use your library documentation, assignment source files.
- Do not use any other program (MATLAB etc..) and other materials
- If you break any of the above rules, your test will not be graded.

Procedure:

- Write your answer on this problem sheet.
- Create a VS project and folder named as '**NP_Test2_Part1_yourID**'.
- Download '**Test2_Part1_yourID.cpp**' from LMS.
- You **MUST** replace 'yourID' with your student ID number.
- Zip the files: main source code, library files (*.cpp, *.h).
- Upload the zip file on LMS.
- For each question it will be scored based on

Score	compile/run	Answer	Logic
100%	O	O	O
80%	O	Δ	O
50%	O	X	Δ
0%	O	X	X
0%	X	-	-
